

Seems Like a Miracle

Ev'ry day the morning sun will rise.

Ev'ry night the stars will fill the skies.

Ev'ry spring the warm rain falls and all the flowers bloom,

Turning into rainbows right before my eyes.

Refrain:

And it seems like a miracle, seems like a miracle!

Ev'ry day the world begins anew.

Yes, it seems like a miracle and it fills my heart with song,

For in ev'ry day, a miracle comes true.

Ev'ry time I hear a baby cry,

Ev'ry time I see a butterfly,

I am filled with wonder at the beauty all around

And I have to sing its praises to the sky.

Refrain

Just like a miracle come true

Seems like a miracle come true!
